EDUCATION

GLA University **July 2022 – June 2026**
*Bachelor of Technology in Computer Science, CGPA: **8.4*** *Mathura, UP*

EXPERIENCE

Meridian Solutions Pvt. Ltd. (Microsoft Gold Partner) **Aug 2025 – Present**
Gurugram, Haryana

- **Associate AI Engineer – Level 2** *Aug 2026 – Present*
  - Working on AI-driven solutions and intelligent automation to improve business processes and operational efficiency.
  - Developing and integrating AI-based workflows and applications to automate repetitive tasks and enhance productivity.
  - Collaborating with cross-functional teams to design and implement scalable AI solutions aligned with business requirements.
- **Cybersecurity Intern** *Aug 2025 – Aug 2026*
  - Developed a web-based VAPT automation platform, reducing security assessment time by 60% and minimizing manual effort.
  - Implemented automated security testing workflows to accelerate vulnerability detection across web applications.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, Bootstrap, Responsive Web Design
Backend: Node.js, Express.js
Cloud & Infrastructure: Microsoft Azure, Basic exposure to AWS and GCP, CI/CD Concepts, Bash Scripting
AI & Generative AI: NLP, LLMs, Gen AI, RAG, AI Agents, LangChain, LangGraph, LangSmith
Programming Languages: JavaScript, Java
Databases & Dev Tools: MongoDB, MySQL, Git, GitHub, VS Code
Other: Microsoft Fabric & Sentinel, Threat Detection, OWASP Top 10, Microsoft AI Studio, Image Processing, YOLO

PROJECTS

SecurityAstra | Python, Nmap, VirusTotal, WDK **Aug 2025 – Present**

- **VAPT Engineering:** Designed and executed automated vulnerability assessment across **web applications, endpoints, and network infrastructure**.
- **Endpoint Telemetry & Monitoring:** Worked on collecting and analyzing system-level events, process activity, and behavioral indicators for threat detection.
- **Security Detection & Defense:** Assisted in secure deployment and infrastructure security assessment activities.

Swipe2Clean - Waste Management Solution | Express, NodeJs **Oct 2023 – Dec 2023**

- **End-to-End Waste Management:** Developed a full-cycle waste management platform for waste pickup, recycling and sanitization with real-time tracking, improving waste collection by **40%**
- **User Engagement & Gamification:** Increased user participation by **65%** through leaderboards, rewards, and vouchers, leading to a **30%** rise in reported cleanups and a **20%** increase in waste collection efficiency.
- **Tech Stack & AI Integration:** Built using Express.js, React.js; integrated AI-powered image-based waste recognition and geolocation tracking.
- **Sustainability & Partnerships:** Partnered with **5+** startups, NGOs, and businesses to promote recycling.

CODING PLATFORMS

- **LeetCode:** Solved **360+** problems with a peak rating of **1653** and **2.3 lakh+** views on my published solutions.
- **CodeChef:** Tackled over **450+** questions with a current rating of **3 Stars**.
- **Codeforces:** Practiced through **450+** challenges with a highest rating of **1105**.

EXTRACURRICULAR

- Taught basic C and DSA to 180 students in online sessions, enhancing coding skills. Sept 2023 – Oct 2023
- SIH Hackathon Internal Third Runner-Up July 2023 – Aug 2023

CERTIFICATIONS

- Microsoft Certified: Security, Compliance, and Identity Fundamentals (SC-900)
- Microsoft licensed: Identity and Access Administrator Associate (SC-300)
- Microsoft Certified: Azure Security Engineer Associate (AZ-500)
- Microsoft accredited: Azure Fundamentals (AZ-900)
- Microsoft endorsed: Azure Administrator Associate (AZ-104)
- Partners: SentinelOne Pre-Sales/Tech Accreditation Proficient
- Cisco Certified Network Associate (CCNA)
- EC Council Recognized: SQL Attacks
